

CLASS JOB CARDS

Give students roles that help Amira time run smoothly. Choose the jobs that fit your classroom, then decide together what each student will do.

1

Choose your jobs

Pick the roles that match your classroom routines and devices. Each job card is available in English and Spanish.

2

Print and prepare the cards

Print and cut out the cards you need. Laminate them if you'd like to reuse them with a dry-erase marker.

3

Decide on responsibilities

Talk with your class about what each job should do before and during Amira time. Write the responsibilities on the cards.

4

Assign and rotate jobs

Write a student's name in the "Assigned to" box. Display the cards where students can see them, and rotate roles so everyone gets a turn.

SHOW US YOUR CLASS JOBS

Scan the QR code or click the button below to share how your class uses these roles during Amira time.
